What's Included

How it Works

The Premier Pet™ Automatic Timer Pet Feeder - 2 Meal provides a convenient and healthy solution to feed your pet 2 pre-portioned meals within a 24-hour period. You have the option of feeding with dry or semi-moist food and up to 1 ½ cups per meal (3 cups capacity). The simple-to-use timer design helps control your pet's weight and establish a healthy eating routine when you're busy or away from home. The BPA free plastic tray is removable for easy cleaning and is dishwasher safe.

Setup & Operating Instructions

1. Remove the battery door located on the bottom of the feeder. Insert the (+) positive end of the AA alkaline battery (not included) first, then the (-) negative end into the compartment until it clicks into place. Replace battery door. Your feeder is now on!

2. To open the feeder, align arrow on dial to the arrow on the feeder.

3. Fill each tray with dry or semi-moist food (up to 1 ½ cups max each). Level the food and close the lids.

4. Decide on feeding times for your pet and then count how many hours the feeding times are from your CURRENT time – the number of hours is what you will set the timers for. For example, if it's 8 AM and you set one dial to 4 and one to 9, then the corresponding lids will open at 12 pm and 5 pm.

Tips & Maintenance

- Insert the + (positive) end of AA alkaline battery, then the negative end.
- Do not overfill trays. Overfilling trays could cause lids to jam (1 ½ cups max each tray).

Cleaning the Feeder

- The removable tray is dishwasher safe.
- Wipe feeder with a non-abrasive cloth.
- Make sure all parts are rinsed and completely dry before reassembling the feeder.
- DO NOT submerge the feeder in water at any time, as this may damage electronic parts.
